# INSPIRING ACTIVE *imagination...* since 1993

PlayNation has been building swing sets since 1993. We started with knowledge of the industry, a desire to make the best swing sets, and a heart for children!

Because of our higher standards, innovative safety features, and exciting play activities, we have become one of the largest residential swing set manufacturers in the world. We credit the success of PlayNation to the quality of our products, our competitive prices, our loyal customers, our network of knowledgeable dealers, and our exceptionally talented team of employees.

We make only top quality swing sets for families to enjoy. We know that a swing set will be a part of your family's memories for years to come and we want to make those years as special as possible.

With 25+ years in the business, we know how to make quality swing sets, and that's the only way we make them.

Our authorized dealers can help you design and install the swing set of your dreams! Find your local dealer at [playnation.com](http://playnation.com)

## 1 START WITH A GREAT DESIGN

Our design team consists of master builders, engineers, and professional draftsmen with more than 100 years of combined experience creating the world's safest and most innovative swing sets. We integrate features that kids can enjoy throughout their entire childhood, so the swing set remains an active part of their lives for many years. With the use of quality wood, commercial-grade hardware, and our unique safety features, our swing sets continually raise the bar in terms of quality, safety, and durability.

## 2 USE HAND SELECTED LUMBER

All of our lumber is hand selected at the mill to assure that only the very best lumber is sourced for our swing sets. Our lumber is durable, resistant to rot and decay, and stands up to the rigorous play of even the most active kids!

## 3 USE THE BEST COMMERCIAL-GRADE HARDWARE COMPONENTS

The integration of quality hardware components, such as electro-galvanized fasteners, helps ensure the safety and durability of our swing sets. Even our rock-solid iron swing hangers are bolted completely through our swing beams with carriage bolts and lock nuts.

## 4 TAKE SAFETY TO A WHOLE NEW LEVEL

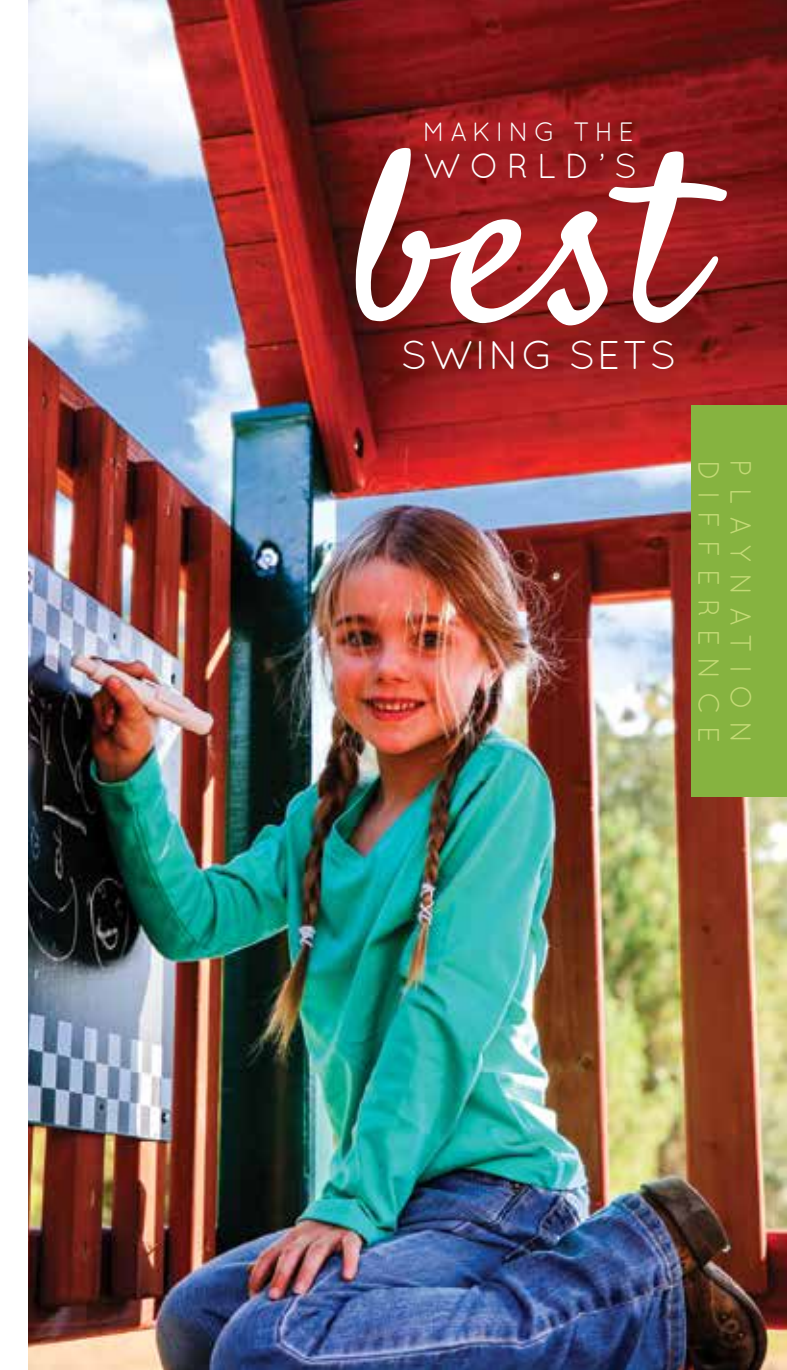

At PlayNation, our first and most important focus when building a swing set is the safety of your children. This is why we use only the safest hardware and lumber and we integrate unique features such as flat and wide ladder steps, sanded-smooth edges, recessed and capped bolts, 800 lb. test pinch-free swing chains, and strategically placed grab handles. Moreover, we thoroughly test all activities on the swing set to ensure that they are free of conflicting play zones.

## 5 ADD THE BEST FEATURES!

Your kids will love all of the thrilling features on our swing sets. From our high flying deluxe swings and extra fun slides to our covered forts and challenging rock walls, there is something for kids of all ages. Best of all, your PlayNation swing set can be customized with an almost unlimited number of options.

## BACK IT ALL UP WITH THE INDUSTRY'S BEST WARRANTY!

See page 119 for warranty details.

SWING SETS

ADDING THE BEST

# safety

FEATURES

Your child's safety is always our top priority. Features such as safety-coated swing chains, commercial-grade hardware, wide and flat ladder steps, self-reinforced slides, and 4x6 swing beams have made our swing sets some of the safest available anywhere.

We continue to raise the bar with the most innovative and progressive designs in the industry.

*Below are overviews of just a few of our safety features:*

### PRE-SANDED & PRE-DRILLED LUMBER

We discovered early on that we could sand the lumber at our factory, twice, for extra peace of mind. Our wood comes out smooth, beautiful and ready to use. We even pre-drill the majority of lumber to make installation even easier and save you time.

### COATED SWING CHAINS

Our swing chains have a soft plastic coating that is durable, flexible, and remains cool - even in direct sunlight. Moreover, it does not pinch small fingers and will not pull hair. The comfortable grip instills confidence in your little ones.

### HEAVY-DUTY SOLID WOOD CONSTRUCTION

Huge 4x6 swing beams are standard on all of our swing sets, and all other main support beams use solid wood posts. Using larger dimensional lumber leads to stronger, sturdier swing sets built using fewer total pieces. Fewer pieces helps cut installation time down, which saves you money!

### COMMERCIAL-GRADE HARDWARE

Our hardware consists of oversized bolts and heavy lag screws that are electro-galvanized to prevent corrosion. We bolt our iron swing hangers completely

through our swing beams with carriage bolts & lock nuts. Decks, wall slats, and wood roofs all use commercial grade zinc-coated deck screws. Nails, which can work loose, are never used in the construction of our swing sets. For added safety, we even recess bolts into the wood and cap exposed threads.

### THE BEST SLIDES

Our slides are designed from the ground up and proudly made in the USA. Made with thick polyethylene and UV Protection to resist fading, our slides are heavy-duty and durable. For your peace of mind, our slides meet and/or exceed ASTM standards for backyard residential use.

We use only the best lumber to build our swing sets.

All lumber is hand-selected for its strength and durability.

LUMBER

### About Our Lumber

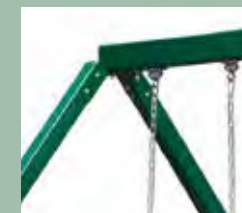

Our swing sets are made of Cedar lumber. Our cedar is naturally resistant to rot, decay, and insect damage - all while offering an affordable option in backyard fun.

### Our Lumber vs Our Competition

Our lumber (★) is heavier and thicker than the competition. Larger dimensional lumber = stronger, sturdier boards. See the difference for yourself!

### Timber Shield™

Many of our play sets feature our Timber Shield™ main posts & swing beams. Our Timber Shield™ uses solid 4x4 and 4x6 North American lumber which is then encased in a thick polyethylene. Timber Shield™ is splinter free, protected from the elements, and essentially maintenance-free.

Look for this icon to see whether Timber Shield™ is available.

2 WALL SLATS

4 SWING BEAMS

**MULTIPLE ROOF OPTIONS**

Our swing sets come with a variety of roof options including vinyl canopies, tongue and groove wood roofs, and authentic Sunbrella® canopies.

**SEVERAL ADD-ONS AVAILABLE**

Many of our sets can be customized even further with the addition of clubhouses, treehouse kits (shown at right), and Fort Add-Ons!

**ROUNDED CORNERS**

All corners are rounded smooth during our factory sanding process.

**STRATEGICALLY PLACED GRAB HANDLES**

Grab handles are strategically placed to instill confidence on ladders, monkey bars, and other transition areas.

**RECESSED BOLTS**

We recess all of our bolts into the wood and cap the exposed threads for snag-free play.

**WIDE STEPS**

We use wide, flat steps on our Safe Entry Ladders and Deluxe Rope Ladders to ensure safety.

**HEAVY-DUTY SWING HANGERS**

All of our swing hangers are bolted completely through the swing beam with carriage bolts & lock nuts.

**INTERIOR-MOUNTED PANEL SLATS**

All panel slats are located on the inside, preventing them from being pushed out during active play.

**EXTRA-STABLE SUPPORT BRACKETS**

Our support brackets are the best available. Each swing set has the following:

Our patented, easy-to-install A-Frame Bracket™

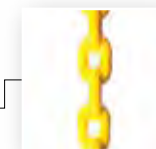

Our heavy-duty swing beam attachment bracket

**TIMBER SHIELD™ PROTECTIVE COATING**

This maintenance-free thick plastic coating completely seals the solid lumber from nature's elements to ensure your swing set lasts for many years. This feature is available on many of our Regal, Imperial, and Empire Series swing sets.

**SWING CHAINS**

All of our swing chains are rated for 800 pounds and coated with a soft and grippy plastic that prevents pinches and helps keep them cool, even on hot days.

**HEAVY-DUTY SLIDES**

One-piece molded plastic construction and wide, stable bases make our slides fun and safe for your children.

**UV PROTECTED COMPONENTS**

Many of our components, such as swing belts and slides, contain a unique protective UV technology that helps to retain their rich colors for the lifetime of your swing set.

— FEATURES —

All of our Regal Series swing sets are pre-configured, easy to buy, and made of quality Cedar lumber.

## ROOF STYLES\*\*

Select Regal Series sets are available in different roof styles to suit your budget and style:

- Vinyl Canopy
- Sunbrella® Canopy
- Tongue & Groove Wood Roof

## A-FRAME BRACKETS

Most Regal Series sets include our patented, easy-to-install, adjustable A-Frame Bracket™ to help ensure added stability.

## HEAVY 4X4 & 4X6 CONSTRUCTION†

Most of our swing sets use heavy-duty 4x4 wood framing for main support beams, while all of our swing beams are made of 4x6 lumber for added strength.†

## GRAB HANDLES

All Regal Series sets include grab handles to instill confidence while using ladders and other transition areas. (Not visible on this example - located on opposite side of wall)

## SAFETY STEPS

We use wide, flat 2x4 safety steps on our Safe Entry Ladders and Deluxe Rope Ladders to ensure safety and confidence.

Many of our swing sets are available with natural Cedar framing. All posts and beams are made with high quality cedar lumber, which is naturally resistant to rot, decay, and insect damage.

### TIMBER SHIELD™

Many of our swing sets are available with our exclusive Timber Shield™ coating. Our Timber Shield uses solid 4x4 and 4x6 North American lumber which is then encased in a thick polyethylene. Timber Shield is splinter free, protected from the elements, and essentially maintenance free.

## ■ Color Options

Most of our accessories are available in blue, green, or yellow.

Select accessories have additional color options. For example, our Deluxe Swing Belts are available in eight exciting colors!

## ■ Roof Styles

### VINYL CANOPY

Our original heavy-duty vinyl canopy offers protection from the sun and provides shade and cooler temperatures!

### SUNBRELLA® CANOPY

Our Sunbrella® canopy is 100% authentic Sunbrella® fabric, which resists stains and fading, even through intense sunlight exposure. (See pg 118 to learn more about Sunbrella® fabric)

### STANDARD ROOF

Our 100% cedar wood roofs are made of the same high quality lumber as the swing set. All include dormers and a chimney.

### RIVIERA ROOF

A twist on our standard wood roof. Made of the same high quality cedar lumber, these extended-height roofs include decorative sunbursts, Pinnacle Dormers with decorative windows, and a chimney. These roofs also come with two solar wall lights!

## ■ Optional Add-Ons

### TREEHOUSE ADD-ON

Many of the sets in our Imperial and Empire Series are available with our Treehouse Add-On, which includes two windows w/ working shutters, giving the front of the set a semi-enclosed look.

**ADD TO STANDARD ROOF ON THE FOLLOWING MODELS:**

Horizon • Horizon Clubhouse • Cayman • Acadia • Dogwood • Laguna • Laguna Clubhouse • Cimmaron • Adelaide • Grand Summit I & II • The Reserve I & II

### FORT ADD-ON

Many of the sets in our Imperial and Empire Series are available with our Fort Add-On, which encloses the back of the main deck and includes two decorative windows.

**ADD TO STANDARD ROOF ON THE FOLLOWING MODELS:** Horizon • Horizon Clubhouse • Cayman • Acadia • Dogwood • Laguna • Laguna Clubhouse • Cimmaron • Adelaide

### CLUBHOUSE ADD-ON

Select sets in our Imperial Series are available with our Clubhouse Add-On, which partially encloses the lower-level of the unit and includes an arched entryway, large window, and half wall.

FEATURES

Our Empire Series swing sets raise the bar with even more play space, features, and challenging activities.

### SEVERAL ROOF STYLES\*\*

Most Empire Series sets are available in different roof styles to suit your budget and style:

- Vinyl Canopy
- Sunbrella® Canopy
- Standard Wood Roof (several add-ons available)
- Riviera Roof

### HEAVY 4X4 & 4X6 CONSTRUCTION†

All of our Empire Series swing sets use heavy-duty 4x4 lumber for main support beams and 4x6 lumber on all swing beams.

### A-FRAME BRACKETS

All Empire Series sets include our patented, easy to install, adjustable A-Frame Bracket™ to help ensure added stability.

### TIMBER SHIELD™ PROTECTIVE COATING

Many Empire Series sets are available with our exclusive Timber Shield™ coating. For details about Timber Shield™, see the information to the right.

### GRAB HANDLES

All Empire Series sets include grab handles to instill confidence while using ladders and other transition areas.

### SAFETY STEPS

We use wide, flat 2x4 safety steps on our Safe Entry Ladders and Deluxe Rope Ladders to ensure safety and confidence.

### LASTING COLOR

Sunbrella® fabrics' color stay strong and vibrant, even through intense sunlight exposure.

High performance, UV stabilized pigments are added during the production of fade-resistant Sunbrella fiber, giving Sunbrella yarn and fabric color throughout that won't fade or wash away, even when cleaning with bleach.

### WORRY-FREE & DURABLE

Sunbrella fabric resists stains and fading, so there's no need to worry about your fabric while living your life.

Sunbrella fabrics can last two to ten times longer than conventional fabrics. The impact of producing cotton canvas, for example, must be multiplied many times to compare it with Sunbrella fabric's extended longevity.

### SUN PROTECTION

The Skin Cancer Foundation recommends Sunbrella as an aid in the prevention of sun-induced damage to the skin.

### GREENGUARD® CERTIFIED

Sunbrella furniture fabrics are certified by the GREENGUARD® Institute's Children and Schools standard as contributing to healthy indoor air by being a very low emitting interior product.

PlayNation Play Systems warrants its Regal™, Imperial™ and Empire™ series swing sets to be free from defects in workmanship and materials, under normal use and conditions, for a period of 15 years for above ground structural wood components and for two years for all other components (e.g., swings, slides, hardware, plastics, tarps, rope ladder, etc.).

PlayNation warrants its Premium Redwood swing sets to be free from defects in workmanship and materials, under normal use and conditions, for the lifetime of the product for all Redwood components. All hardware/non-wood components are covered for a period of three years and all ropes and canopies are covered for a period of one year.

PlayNation warrants its Lifetime™ series swing sets to be free from defects in workmanship and materials, under normal use and conditions, for the lifetime of the product for above ground structural wood components and for two years for all other components (e.g., swings, slides, hardware, plastics, tarps, rope ladder, etc.) except PlayNation's Super Scoop Slides™ and Super Tube Spiral Slides™.

PlayNation warrants all remaining products, including but not limited to its Free Standing Swing Set, Free Standing Tire Swing, See-Saw, Children's Picnic Table with Umbrella, Play-Zee-Bo™, Mountain Lodge Playhouse, Riviera Playhouse, and spring riders to be free from defects in workmanship and materials, under normal use and conditions, for a period of 1 year. All accessories purchased separate from those included with one of our swing set packages have a one year limited warranty.

PlayNation warrants its Super Scoop Slides™ and Super Tube Spiral Slides™ to be free from defects in workmanship and materials, under normal use and conditions, for the lifetime of the product.

Cosmetic imperfections and natural tendencies of wood such as peeling, splintering, warping, seasonal checking or cracking, knots or knot holes, etc. are normal characteristics of all outdoor wooden play equipment and are not covered by this warranty. Checks or cracks in wood components that do not affect the intended function of the part, piece or overall swing set functionality are not covered under this warranty.

Wood rot or decay that develops because the product was installed in an area with poor drainage is not covered under this warranty. Lumber that has been damaged by wood boring bees, or conditions that develop as a result of faulty or improper installation of the product, are not covered by this warranty. Fading of stain, discoloration or mold on any wood part or accessory is not covered by this warranty. Cracks in plastic components, surface rust on hardware and chips on powder coated materials are not considered defects in material as long as they do not affect the functionality or structural integrity of the part or component.

It is the swing set owner's responsibility to maintain the swing set. This includes but is not limited to staining and sealing the lumber as needed and regular inspection to be sure all hardware is tight. Instructions for proper maintenance can be found on PlayNation's website. Imperfections or conditions that develop because of a failure to properly maintain the swing set are not covered by this warranty.

PlayNation will, at its discretion, replace any above ground part that is defective in workmanship or materials within the stated warranty period. This decision is subject to verification of the defect, which, at PlayNation's discretion, may be accomplished by submitting photographs or by delivery of the defective part to PlayNation: PlayNation Play Systems, Inc.; 190 Etowah Industrial Ct.; Canton, GA 30114. Any warranty claim must include proof of purchase, including the date of purchase. Within the first 30 days from the date of purchase, PlayNation will replace any parts discovered to be missing from or damaged in the original packaging.

This warranty is valid only if the product is used for the purpose for which it was designed and installed at a residential, single-family dwelling. This warranty is void if the product is used in a commercial, institutional or multi-family setting. This warranty does not cover normal wear and tear or (a) products that have been damaged by acts of God and/or nature, negligence, misuse or accident; (b) products that have been modified or repaired by unauthorized persons; (c) the cost of labor; or (d) the cost of shipping any replacement product or part.

PLAYNATION DISCLAIMS ALL OTHER REPRESENTATIONS AND WARRANTIES OF ANY KIND, EXPRESSED, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. PLAYNATION WILL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES. This warranty is non-transferable and does not extend to the owners of the product subsequent to the original purchaser. Some states do not allow limitations on implied warranties or exclusion of incidental or consequential damages, so these restrictions may not be applicable to you. This warranty gives you specific legal rights. You may also have other rights which vary from state to state.
